The Mediation officer may be contacted if our company's internal procedures for handling complaints have been exhausted, or if we have failed to respond within two months of sending an initial written complaint.

Pursuant to Article 2238 of the French Civil Code, recourse to mediation suspends the limitation period for actions.

Suspension has the effect of temporarily halting the running of the limitation period, but not cancel the period that has already run (article 2230 of the French Civil Code). The limitation period does not start running again, for a minimum period of six months, until the date on which the mediation procedure is declared complete.

Should this approach fail, you naturally retain all your rights to take legal action. Any dispute relating to the application of this contract shall be subject to the exclusive jurisdiction of the French courts.

SUBROGATION

In accordance with the provisions of article L121-12 of the French Insurance Code, we are subrogated to your rights and actions against any third party responsible for the claim, up to the amount of the indemnity we have paid.

If subrogation can no longer be exercised in our favor due to your fault, we are released from our liability to you to the extent that subrogation could have been exercised.

We may waive the right to exercise recourse, but if the liable party is insured, we may, despite such waiver, exercise recourse against the Insurer of the liable party, up to the limit of such insurance, unless otherwise stipulated in the Declarations.

PRESCRIPTION

In application of article L 114-1 of the French Insurance Code, any action arising from the present is time-barred two years after the event giving rise to it. This period is extended to ten years for death benefits, with actions by beneficiaries being time-barred no later than thirty years from the event giving rise to the claim.

However, this period does not run :

- in the event of concealment, omission, false or inaccurate statement concerning the risk, from the day the Insurer becomes aware of it;
- in the event of a claim, only from the date on which the interested parties became aware of it, if they can prove that they were unaware of it until then.

When the Insured's action against the Insurer is based on the recourse of a third party, this limitation period runs only from the day on which the third party took legal action against the Insured or was compensated by the Insured.

In accordance with article L 114-2 of the French Insurance Code, this limitation period may be interrupted by one of the following ordinary causes of interruption:

- recognition by the debtor of the right of the person against whom he was prescribing (article 2240 of the Civil Code);
- a legal claim, even in summary proceedings, until the proceedings are extinguished. The same applies if the claim is brought before an incompetent court, or if the act of bringing the claim before the court is annulled due to a procedural defect (articles 2241 and 2242 of the Civil Code). The interruption is null and void if the plaintiff withdraws his claim or allows the proceedings to lapse, or if his claim is definitively rejected (article 2243 of the Civil Code);
- a precautionary measure taken in application of the Code of Civil Enforcement Procedures or an act forced execution (article 2244 of the Civil Code).

Please note that :

The interpellation made to one of the joint and several debtors by a legal demand or by an act of forced execution, or the recognition by the debtor of the right of the person against whom he was prescribing, interrupts the prescription period against all the others, even against their heirs.

On the other hand, the interpellation of one of the heirs of a joint and several debtor, or the acknowledgement of this heir, does not interrupt the limitation period with regard to the other co-heirs, even in the case of a mortgage claim, if the obligation is divisible. This interpellation or acknowledgement only interrupts the limitation period, with regard to the other co-debtors, for the share for which this heir is liable.

To interrupt the limitation period for the whole, with regard to the other co-debtors, a summons must be made to all the heirs of the deceased debtor, or the recognition of all these heirs (article 2245 of the Civil Code).

The interpellation or acknowledgement of the principal debtor interrupts the prescription period against the guarantor (article 2246 of the French Civil Code).

The limitation period may also be interrupted by :

- Appointing an expert following a claim ;
- Sending a registered letter with acknowledgement of receipt (addressed by the Insurer to the Insured in the case of an action for payment of the premium, and addressed by the Insured to the Insurer in the case of settlement of the claim).

PREMIUM PAYMENT

In the event of non-payment of your insurance premium, we apply the provisions article L.113-3 of the French Insurance Code: within ten days of the premium due date, and independently of our right to take legal action to enforce the present contract, we will send you a letter of formal notice to your last known address. If we receive no reply to this letter within thirty days, we will suspend cover under your policy. If you do not pay your contributions within ten days of the suspension of cover, your contract will be terminated automatically.

FALSE DECLARATIONS

When they change the object of the risk or diminish our opinion of it:

- **Any reticence or Any concealment or intentional misrepresentation on your part will render the contract null and void. Any premiums paid shall be retained by us, and we shall be entitled to demand payment of premiums due, as provided for article L 113.8 of the French Insurance Code.**
- **Any omission or misrepresentation on your part, where bad faith is not established, will result in the cancellation of the contract 10 days after the notification sent to you by registered letter and/or the application of the reduction of indemnities provided for in article L 113.9 of the French Insurance Code.**

SETTLEMENT OF DISPUTES

Any dispute arising between the Insurer and the Insured relating to the determination and settlement of benefits shall be submitted by the most diligent party, failing amicable resolution, to the competent jurisdiction of the Insured's domicile in accordance with the provisions of article R 114-1 of the French Insurance Code.
